PROFESSIONAL SUMMARY

Highly qualified Electronics Engineering Technician with training and experience in electrical and mechanical systems. Demonstrated ability to read schematic diagrams and use appropriate test equipment to troubleshoot equipment and manufactured products. Excellent at contributing to team and project success by sharing acquired knowledge and using strong interpersonal communication skills to encourage high-level performance. Proficient in installing, maintaining, calibrating, configuring and troubleshooting. A stellar work ethic with the ability to excel in a fast-paced environment.

SKILLS

- Soldering and wiring
- Hardware Diagnostics
- Testing
- Troubleshooting
- Communication
- Time management
- Problem-solving
- Multitasking
- Critical thinking
- Maintenance & Repair
- Planning

EDUCATION

Lambda School

San Jose, CA • Expected in
08/2021

No Degree: Web Development

WEBSITE, PORTFOLIO, PROFILES

- <https://www.linkedin.com>

ACCOMPLISHMENTS

- Resolved product issue through consumer testing.
- Supervised team of 3 staff members.

WORK HISTORY

Cellairis - Electronics Technician

San Antonio, TX

- Tested various types of electronics equipment using microscopes, oscilloscopes, multi-meters, voltage calibrators, spectrum analyzers and other laboratory instruments.
- Assembled electrical and electronic systems and prototypes according to engineering data and knowledge of electrical principles, using hand tools and measuring instruments.
- Inspected completed electronics products for functionality and quality, alerting supervisors of repeat issues and seeking out root causes.
- Fixed 99% of circuit boards and wire harness problems using schematics, wiring diagrams and testing instruments.
- Educated 2 equipment operators on proper use of equipment.
